Subject: FW: Medac Grand Opening

Do you know if we responded to this Commerce request?
Thanks, KV

Subject: Medac Grand Opening

Tom,

As we discussed, Medac, the anesthesiology billing company, is moving its headquarters to North Augusta. This has the potential to be a game changer for our downtown with their over 400 employees relocating and the almost 200 new jobs they have committed to adding once here. They are preparing to begin moving in the second week of September. The owner of the company, Bijon Memar, has inquired as to whether or not it could be arranged for the Governor to attend a Grand Opening event sometime within the first three weeks of September. They can be flexible if the Governor is willing to come. The Department of Commerce played a crucial role in getting Medac to locate here. Any assistance you can provide would be appreciated. Thanks
