Here's another "cool" attraction near Oconee State Park. The tunnel remains a steady 56 degrees year round, and it has a great story to boot.

Stumphouse Tunnel

Stacey Keasler Williamson We love this place.... go several times a year... I will admit the echos kinda freak me out, but my 7 yr old son LOVES IT!

Jennifer Lynn Small McCarthy Love Stumphouse Tunnel visits. Always amazing that the train is there and the road to it is rough enough. How did they get all that equipment there in the "old days"?

Jamie New Anderson I love it. There's something so calming about that way the water drips into small pools on the sides.
