**Diane Gore Jones** I would like some suggestions on SC parks to camp other than Wateree and myrtle beach. We know it's impossible to go to Edisto, then what other parks are good to camp like on a lake. we didn't like Cheraw.

**Karen Moorer Minnis** Just arrived at Andrew Jackson for the week. Our favorite place to stay when we're doing Charlotte. It's nice and quiet - just what we were expecting this week.

**Renee Ricciardi** Those of you familiar with Hunting Island, any idea how the campsites are from loop 2 that were moved due to beach erosion? We're slotted for site 49 and I'm just wondering what to expect.

**Joe Myers** My son like the hikes at Table Rock and there is even a waterfall on the main strip. If you take the pinnacle Trail, you hike along the river and there is plenty a good spots for pictures.
