Subject: Metting on Automating Government

Ted,

Thanks for taking my call. If you have some time open, please let me know and we can schedule a meeting. The states have been slow to make use of eforms and digital signatures, but the defense industry, including Boeing, and the pharmaceutical industry have already used the technology to go paperless. Now is the time for the states to move forward and I am seeing most of the interest coming from Republican states.

Thanks,
Dennis
