You know I have strong shoulders too but sometimes they get a little heavy. I am just trying to do my job to the best of my ability and do not like being put in the middle of things unless its been cleared with me first. I understand his concerns. Truthfully between you and I, I think he has way too much time on his hands to think, but that's not his fault. That is just the way his hearings are scheduled.
Thanks Debbie

Thanks Debbie.....Don't worry, I have strong shoulders and it would take more than this for me to get upset. I didn't mind the fact that Kevin had contacted Cheryl. However, I did respond to his email and sent a cc to you. Hope it clarifies things, if not, I enjoy debates.
Take care

Annie,

I just want to tell you that the email that Kevin sent to you this morning with my name attached to it was done without my permission. He sent it to me also. Kevin has had an ongoing conversation with Cheryl about our pay bands and classification status as you can see by the email that he sent to you. I was not aware that he was sending you the email until I came in this morning....thanks Debbie
