Dear Governor Halty,

My name is Gabriella Lott, and I'm a creative writing student at the Governor's School for the Arts & Humanities. I'd like to thank you for your previous work on behalf of our state, and would ask that you continue to consider supporting our school. As a student here, I've learned more about my art, my state, and how the two connect than in all my other years in SC public schools. I'd love to know that other students will have the same opportunities.

Thanks,
Gabriella Lott
