Dear Ms. Black,

What a wonderful inspiration you are! There aren't many people who pass up the opportunity to hang their hats, jump into retirement, and spend their days in pursuit of leisurely activities and personal interests. Your fifty-year career sets an awesome example for everyone, and I am proud to have the opportunity to recognize your dedication to Greenville Technical College, the people of South Carolina, and our beautiful state.

Michael and I thank you for the past five decades of service, and we wish you the best going forward. God bless.

My very best,
