Good Afternoon Danny,

Ruchelle's statement about the water only being able to be for constituents and visitors seems contrary to what the Comptroller General indicated. That being said the reason the bill was not paid in the appropriate fiscal year is that the employees were supposed to be pulling together the funds personally and that does not line up with the water only being for constituents and visitors.

At the last meeting where this was discussed the portions owed for the water were determined. I do not remember how this math came about, I say that because it will look odd.

Hayden - 26.75 (Hayden sent this to me on Paypal)
Catherine - 26.75 (I wrote a check for Hayden and my amount combined on 7/20)
Tori Beth - 5 (She was only employed for a little over a month of the time, I have this in cash)
Remainder: 29.48 (This would need to be split by Danny Varat and Lilly Cogdill)

What I suggest, so as to avoid the issue with the bill from the prior fiscal year, is we proceed with paying this from our own personal funds. Then going forward the office be responsible for the bill.

If this is agreeable, I will contact Ruchelle about it. If you could please provide your portion of the costs and request Lily's portion that would be very helpful. I will then pay the bill with my debit card.

Catherine,

I have received the invoices. These invoices are dated from January 2017 to June 2017. These invoices should have been paid last FY. I probably will need Lily and Danny to sign off on the invoices which are attached. A memo will also need to be generated as to why we are paying them late for the auditors in case they ask.

We are not allowed to pay for water for employees. Please make sure that the information is included in the memo that the water was purchased for constituents and visitors only.

Let me know if you additional information.

Thanks for your assistance with this matter.

Ruchelle

Catherine,

I called to request invoices because we cannot pay by statements. I also updated the account to reflect you as the contact. The two jugs was requested as well.

In the future, you can make the call to request additional jugs. Finance would only need your signature on the bill for payment. Is this water being used for constituents?

Thanks,
Ruchelle

Lily, I finally remembered what I originally called for, but thank you for helping me figure out the travel forms too. I originally called because we have finally sorted out the water cooler bill. Can you please give the bill to Ruchelle? Ken said she could submit the paperwork that needs to be done. Thank you.
