**Ashley Nichole** Honestly It's not much more expensive than the first Air B&B listing with similar lodging that comes up in a search of the area.... Not to mention the access to the hiking trails, marsh walk, biking trails, nature center, lighthouse, playground, beach volleyball, equestrian trails, beach access ect.... Plus the state parks use the funds raised by these rentals in countless conservation efforts across our state. The price may seem like alot but when you look at other rentals in the area it's not that bad.
