Subject: Listen to the truth. Stop the barbarianism! ~ Website email from Rita Brown

Lt. Governor Bryant, This week, the South Carolina House of Representatives could vote on a crucial piece of legislation, the South Carolina Unborn Child Protection from Dismemberment Abortion Act (H.3548). This bill, sponsored by Rep. Lin Bennett, would ban a procedure often called a "d and e" abortion. The description of the procedure in the bill is as follows: an abortion that would "dismember a living unborn child and extract him or her one piece at a time from the uterus through use of clamps, grasping forceps, tongs, scissors or similar instruments that, through the convergence of two rigid levers, slice, crush, and/or grasp a portion of the unborn child's body to cut or rip it off." We must stop this procedure from being performed in South Carolina. Rita Brown
