Nikki Haley

I am writing to you to let you know how bad you are doing as governor. You think you are real important because you got the rebel flag taken down. That is part of history. You didn't like the rebel flag waving in the air so you got taken down. When the rebel flag finally had to come down you was happy. You need to mind ur own business. ~~The~~ The rebel flag is part of the U.S. and then you had Wal-mart take everything that had the rebel flag on it out of the Wal-mart stores. You better be glade you dont anything to say about Oklahoma. I will never take down my rebel flag outside. Its my property. And i can make anyone get off & stay off. You are trying to change this Nation. You are racist. ~~You~~ You think just because you have a lot of money & think you are better than everyone else. What you tell them to do they better do it. You are a no good republician. You got everything handed to you. Your
OUR

mom + dad gave you everything. What kind of parents is that. Not the kind to be proud of. You dont know what a hard ate work is. If you have any kids i feel sorry for them. You might think you won. But stand back and watch. The rebel flag will be put back up where it was ate. You are not god. What would have done if that young guy holding the american flag that shot those people in that Church. You would have them american flag taken down. You dont have the right to be governor anywhere. You are out to destroyed

Our Country. You dont know what hard times are. You took something away from a lot of people that they are proud of. They will always be proud. We all became one nation. All you republicans better step a side. The Rebel Flag is coming back. It is part of us. You and your family are all racist. We are proud to be a american. What you
Qver

need to do. I get on your knees &
start praying to god. We will get
the Rebel flag back. We are going higher
than you & you wont be governor
anymore. We are putting a stop to all
of you & your kind. Dont like racist or
republicans. We are just as good as
you are. I am proud of the america flag &
the Rebel flag. And you should be the
same way. God made us one Nation.

Nikki you probly watch the Deekes of
Nazard. And had them taking off TV
that everyone enjoyed watching. You
have something wrong with you. Go
get help. You need to get your head
on straight. When Healthy becomes
president she will do good. just like
Bill Clinton clone. They are for the
working people. Everybody is treated the
same. Are you the only child your mom
had. Is ur mom or dad racist. My sister
& you would get a long good. Because
the two of you. Puts your noise in
Outhers peoples business & is nothing
to you. Clean your back yard up
and stop telling other what to
EVER

do. You have never had any friends. and you never will. Just because you are governor. You think people should do what you say. You are no different than we are. You will never be a leader. The best thing for you to do is step down & let someone do your job that know what they are doing. All your republicans bloods red like we do. White or Black it does not matter. God made us become one. We all are all brothers & sisters. If you dont think that way then you need to go get some help. You have something wrong upstairs. Go check yourself in to a hospital for a year see if that dont help you more. You can keep buying your way thru life. That makes you feel big & cant be stop. Guess what you are nothing. And until treat people like humans you will be treated like a dirty neg. Your hole family needs help. We may not have
over

a lot of money & a new house & drive
a new car. Don't want that. What we
got is just as good as yours. But we
have something you won't ever have.
And that is love. Cool made it
like he was showed to do. No one
will be able to change it. If you
don't like it then go somewhere else
you will never see do good. Cool gave
his life for us. He will always be
number 1. in life. We owe him. If
anyone think different they need to
get on their knees and start praying
before it is too late. Open your bible
& start at the front & read it all
the way to the back. Cool was proud
of the Rebel flag just like he was
of the other. The Rebel flag will
be flying again. And it won't be
very long. We got god on our side
with us. We stand tall & proud
for what's ours. We are one nation
under god. Come on & get on board
and be like we are. Or it will
be too late. Don't be left behind.
We can't make you. Its all up to
over

to you. You have to want it
and mean it. The ones that are
left behind. They won't have a
life. Will never know or be happy
& glad they got on board. It's up
to you. If that's what you want
then have a good life. You need do
your and leave the rebel flag alone. And
you are not the one to be a governor
So let someone else do it. We don't need
racist like you are. All republicans
don't think about the working people
at all. You think just because we are low
class people you guys can look down at us.
We got just as much right as anyone
else does. So put the rebel flag back
up. If you don't do it. Then stand
back and watch we will get it done
and you won't be governor.

Thank you.
Steve Turnon
