Subject: RE: Hazardous Weather and Emergency Leave

I am speaking to her about the specifics this afternoon. Can you send me draft language in the event she decides to grant paid time off for those unable to report to work because they were personally impacted by the flooding.

Subject: Hazardous Weather and Emergency Leave

Holly,

You are correct about the five days per declaration of emergency. The statute is 8-11-57. This is covered in more detail in Regulation 19-712.01 (K). It restates the statutory language and outlines an exception in which appropriate agency management may close an agency or office in the interest of personal safety.

One situation that is not anticipated by this emergency leave would be staff who could not report to work on a day the office was open due to personal catastrophic circumstances. I think Marcia has spoken to you about this. If the Governor is interested in granting a special type of leave for those folks, we would need to include that separately in Executive Order and figure out how it would be implemented.

The EMD list of county closings is following. I have emailed all agency heads and HR contacts and am compiling responses as received. I will be out of the office tomorrow but available by cell 422-8645. Also, my assistant director, Kevin Paul, is available to assist. His number is 896-5145.

Kim
