SCDOT Closes I-385 Ramp in Greenville

The South Carolina Department of Transportation (SCDOT) has exercised an abundance of caution in closing the I-385 Northbound (NB) ramp heading into Greenville from I-85 Northbound due to unforeseen circumstances with the ramp that crosses over I-85. SCDOT's top bridge engineers, the contractor and design engineer will conduct a further evaluation of the bridge on Sunday morning, June 19. SCDOT will provide more information to the public connected to the length of the closure once the evaluation is complete.

Detour information:

- * Use Exit 51C Northbound
- * Take I-85 NB to Pelham Road (Exit 54)
- * Motorists can use the center lane to make a left onto Pelham Road.

SCDOT advises motorists to slow down and use caution throughout this area.
