Prophecy Of Tribulation Of St. Padre Pio - Only Catholic Priest In Catholic History To Have Stigmata Of Christ On His Body - Died In 1968. Sent By Erasmus of America - May 28ro, 2018 Massive Attempt To Block This Report from Release. www, fastboomamericaneconomy.com miraclebread17@gmail.com

On Monday May 28, 2018, Erasmus Of America <miraclebread17@gmail.com> wrote:
Before he died on Sept. 23, 1968, St. Padre Pio wrote me a letter I received as a young military cadet at a military academy to work for healing the wounds of Christianity so the wise virgin Christians will be ready for the return of Jesus Christ. He indicated Jesus wanted me to do this to restore goodwill between Roman Catholic, Greek Orthodox (Russian, etc.) and Protestants and told me in writing a stunning secret of mine that he could only have known by revelation of God., Share this report with others. St. Padre Pio of San Foggia, Italy was the only Catholic priest in history to have born the stigmata (wounds on his body) of Christ and for 50 years of constant Miracles of God before he died at age 81. His best known Miracle of God was supernaturally obtaining eyesight for the Italian girl born without pupils to her eyes so light could not enter her eyes. This Miracle of God occurred during the Mass conducted by the priest-monk St. Padre Pio at the church of the Monastery of Our Lady of Graces at San Giovanni Rotondo, Italy where he was the active priest for 50 years. When I visited his church after living in Wash., D.C. for several years, two Americans who lived there told me that she as a grown woman still had no pupils to her eyes but saw normally due to the Miracle of God of eyesight that he had obtained for her at his Mass worship service. As she visited often this location to honor his memory for the Miracle of God eyesight that she obtained as a small girl due to him, she was well known by the local people! She was publicized all over Italy after obtaining her eyesight without ever needing pupils to her eyes once around seven years old.

Similar type Miracle of God eyesight also occurred in America with the Plastic Eye Miracle of God of Ronald Coyne in Tulsa, Oklahoma, when he was also around seven years old and reported on in the local newspaper when this Miracle of God occurred where he could see out of a plastic eye after his eye was removed by surgery at around seven years old. A woman evangelist who was the sister of a famous Pentecostal evangelist who obtained constant Miracles of God in Africa, etc. and won millions to Jesus Christ after his crusades in Africa. She prayed for Ronald Coyne who instantly obtained vision in a plastic left eye inserted into an empty left eye socket which he showed to audiences across America and in other lands. Evangelist Ronald Coyne became a friend of mine after we met in Wash., D.C. after he was an adult evangelist and appeared at

evangelistic circles the rest of his life inspiring faith in Jesus Christ and constant Miracles of God also occurring with him. When visiting a local Pentecostal church outside of Westminster, SC, he prayed for me in the name of Jesus Christ and I was instantly healed of a broken toe in my left foot I had had for 4 years. The broken toe bones instantly floated apart and reset as healed and I left that church with a Miracle of God for the rest of my life. Other people also received Miracle of God healings at that Pentecostal church in SC including a Black woman who had been born with a deformed foot for her life which made her hobble to church over 4 years there and suddenly her foot straightened out and she could walk and run as she did in that church yelling out "I got a Miracle of God! I got a miracle of God!" For 4 years she had hobbled to that local church and all members knew her well! . The Lord Jesus Christ has His favorites that he likes in different branches of serious Christianity on this earth. There are good Christians in all branches of serious Christianity. Like a school system, you have different levels of Christianity that you can practice from a lower class level to a more advanced class level of serious Christians on earth. One time I was recruited by the Holy Spirit of God to pray for a police officer smashed to pieces in a car accident and like the Roman centurion who got his Miracle of God for his servant far away, I suddenly prayed that since Jesus was returning soon to this earth to let him be instantly healed of all his injuries he had received that day and prayed from my retail store I owned then in Seneca, SC. The local hospital had just told over the phone to the local newspaper that he would not likely live throughout the day his injuries were so major and many, I prayed for him from my retail store, and he was instantly healed of all injuries and walked out of the local hospital with the local chief surgeon saying to him as he walked by, "I don't understand this!" The chief surgeon knew him well locally. This police officer L.B. who had the local Gospel singing group later came to my store to thank me and wife who organized the local church group to pray that he live and be healed. He said the pain was so intense that day that he knew he was going to die and suddenly everything was totally healed. He said the bruises were left on his body where he had been injured. I told him that Jesus had to leave the bruises on his body so he would know that he had not hallucinated being badly injured that day when rushed to the emergency room of the hospital to face immediate surgery where required to save his life. They reconnected the sticking out leg bone back under the skin and attached again to the hip and then waited for him to die as the injuries were too many for them to handle. This happened for real as recorded in the police records for 1990 ,, ambulance record, and the hospital record in Seneca, SC. I understood by revelation that Jesus gave me this sign of favor with Jesus to tell the Christians of all sides that they should listen to me as I was endorsed by Jesus Christ to reform and bring back together the divided church tore apart in civil war over mainly bad Bible scholarship and occasional lying by some scholars such as Satanists working within the ranks of Christianity to divide it over invented excuses and issues. I spent eleven calendar years in military academies and then went to the university as a history major. PASS THIS REPORT ON TO OTHERS! Back to St. Padre Pio now!
