

A Note From
Janine S. Latus

Dear Gov. Haley-

I am encouraged by the domestic violence task force and commend you for trying to make strides against this persistent social ill. I'm sending you a copy of my book in hopes it will help you understand such relationships from the inside. I also

janine@janinelatus.com

am a public speaker - I'm about to launch
into a series of talks around the world for
the Navy - and I'd love the opportunity to
come raise awareness in your state.

Enjoy reading this - if "enjoy" is the
right word - and thank you for your
efforts.
