Hey,

I need a number of things from you this week--imagine that!

I've attached a copy of the latest budget. We need to know if we can get a verbal commitment from the other cabinet agencies. And, I need you to approve the budget/contract (also attached). These funds will be over a 3 year fiscal year beginning July 2012 through June 2014.

I know you're busy and this week is crazy for me but let me know when you can discuss this and other things. I'm pretty much out of pocket Monday and Tuesday with my Economic Development Advanced Symposium class but can talk after hours or whenever works for you.

I have a couple of other laundry list items on my list for you that I need by Friday when the team meets again (so much for our last meeting being last week). Can't remember everything right now but have in my notes.

You'll be getting an email from me to the team about asking ACT to have a meeting here in Columbia, preferably November 9th from 10-2 to discuss our data issues and concerns.
