just wanted y'all to know, we camp norm. 2 times a month at Santee State park, on the lakeshore side, I know when we went the Wed. before Thanksgiving was the last week that that side was going to be open until MArch of next year - we never saw our camp host, never got a parking pass, our area was not blown off from the leaves like it is norm. done - you could not tell when walking to the bathroom's where the roads were too much leaves and pinestraw on the road - I am not the only one that experienced this, talked to 2 other campers and they stated the same - I know there was only one park host on that side, but it was not many people there at all - we never felt welcomed while we were there, I do not know who the camp host was, they had Ga. tags on there vehicles - Jackie and Brenda need to come back and be the camp host, they always make you feel welcome and when you arrive they show up and check you in and give you your vehicle passes - just wanted to pass this on, cause I like to feel welcomed and appreciated when I camp there and that was not the case this past time. Just thought someone needed to know this. - We love camping at Santee, it is close to home and I need to be close to home, for I look after my Mom and need to be able to get home quick in case of an emergency - Hoping and wanting to go back to Santee, but would like to feel welcomed when I do go - thanks for reading my vent.

Hello, I just got a question - I had to cancel several upcoming camping trips due to my husbands job - I understand the \$10 cancel fee, even though I have never been charged that before, but why on earth am I being charged a transaction fee and tax - I already paid this once - I had to cancel 6 trips not because I wanted to by all means but yall got me for about \$180.00 in fees - I called the park to cancel for they never have charged me and it was \$10 more than reserveamerica - very heart broken and they were not last min. cancels - All I can say is wow - thanks for my vent, even though I paid for it - one unhappy person right now - Lynne Reynolds
