Jennifer,

Here is the latest: <http://www.myrtlebeachsc.com/communist-chinese-to-take-over-downtown-area/>

I certainly understand story deadlines. These happenings, with all of their tentacles attached to China, I believe are of high interest.

The story keeps developing in unsettling ways.

Will keep you posted.

Sincerely,

David Hucks

I'm getting your emails and voicemails. Keep it coming - don't interpret my lack of response as lack of interest. I just can't devote the time this needs until October.

Sarah,

Kudos to you, your staff and Amy for breaking this story. <http://www.wmbfnews.com/story/32940823/chinese-officials-meeting-with-city-leaders-in-myrtle-beach>

We have been informed by one national source that the ink for a downtown property relationship with B&C is likely dry. Having Chinese Secretary General Zheng Yong

Sheng in town looking at Myrtle Beach real estate is much like having a high level U.S. ambassador looking to purchasing a large tract of real estate in China.

While the property at Hard Rock Park will likely be acquired, this deal was about the downtown area all along.

B&C finally has the funding it needs to move forward. The city and DRC has been pushing these changes for years now.

When this all settles out, it will be the complicit and highly paid corporate media that this area will hold responsible.

These county residents and small merchants have been right all along. Conspiracy theorists??? Hardly.

All of these small stories: Paid Parking, DRC, Merchant Harassment, Yiqian Funding, I-73, Chamber TDF, etc work together to make one complete big picture story that our city government officials have been actively participating in.

Sincerely,

David Hucks
