Anna,

Sorry for the delay in responding. I think a phone call may speed the process.

Is there a time we could talk?

Thanks.

Tony

Hi Tony,  
Just touching base to see if you have any thoughts and to let you know we're available.

Hi Tony,  
Hope you're doing well on this lovely spring day!  
I spoke with Sue Levkoff here, and we are interested in helping, but in order to know what we could do it would be important to know what data you collect on the services you provide. Can you give me that information, or would you like to set up another phone call to talk more about it?  
Thanks so much,  
Anna
