> As you suggested to me Kevin, I am sending you an email regarding our desire to increase the size of the DSS Board. The board voted this past week to recommend an increase to the Delegation. We would like to increase the size from 5 to 7 members. The regulations seem to imply that the Delegation would need to approve this change. We understand that the Governor must sign off on the individuals that are recommended. We would like to get this done before the public Delegation meeting in June, so the additional positions can be advertised with the one regular position that will come up. I have left a message for Rep. Thayer requesting to discuss this matter. I would appreciate if you would talk with Sen. Gambrell. We are now an active board and could use a couple of more members to help accomplish our goals.
