My two cents:

I think this would be a great opportunity.

5 min speech:

1 minute: of Thank yous and Excitement about the summit tomorrow

2 minutes: SC heavy talking points would need to be adjusted slightly to reflect a broader theme of investment and innovation in the US led by a return to manufacturing.

2 minutes: focus on SC's economic boom and our india mission.

Close with tongue and cheek remark about the presence of SC economic developers in the audience who can assist with indian companies looking at the US.

We were just asked if the governor would speak at this for 3-5 minutes. 11/17 evening, attending the event is already on her schedule. Let us know when you know.
