**Subject:** Important Vote for Mayor OF CHARLESTON SOUTH CAROLINA

---

Here's Why I Am Supporting

## Vote for John Tecklenburg on Tuesday, November 17

---

### Senator Robert Ford Endorses John Tecklenburg for Mayor

John knows the importance of tourism and believes that Charleston has to be the best place for **all** people in Charleston to live and work.

I know John Tecklenburg will be a Mayor who listens to and understands the needs of our community and can get things done. I've known him for many years and he really cares about Charleston and will proudly represent Charleston and South Carolina.

**I care about the future of the City of Charleston and  
encourage you to vote for  
John Tecklenburg on Tuesday, November 17.**

### I want to support a Mayor who says:

*"I'm running for mayor because I love this city, and because I believe we need a leader who will put Charleston city government squarely on the side of our citizens -- the people who live in our neighborhoods, work in our businesses, commute on our roads and invest in our community with their time, their taxes and their talents." John Tecklenburg*

### Read the Endorsement from the Post and Courier:

"Mr. Tecklenburg's campaign has been focused on the need to ensure quality of life for the residents of Charleston by tourism management, traffic improvements, educational opportunities, affordable housing and carefully guiding development toward positive outcomes. His goals are practical and reasonable...."

"John Tecklenburg, a Charleston native, is a thoughtful, experienced businessman whose talents and commitment to the citizens of Charleston make him the best candidate to become the city's next mayor."

**Vote for John Tecklenburg because he understands the  
job of mayor and has the knowledge and skills  
to get the job done.**

He will make sure that he and his administration focus on making  
Charleston the BEST place to visit, live and work.

**Sincerely,  
Senator Robert Ford**

**Links to John's Plan..** [http://www.tecklenburgformayor.com/johns\\_plan](http://www.tecklenburgformayor.com/johns_plan)

1. **Livability and Quality of Life...** We need to strike a better, more sustainable balance between development and our citizens' quality of life - a balance that makes livability and quality of life our primary concern.
2. **Transportation and Public Transit...** No single issue will have a larger impact on Charleston's future than transportation. And solving it will require better roads, more biking and walking options, effective public transit and more.
3. **Economy and Jobs...** In Charleston today, we need a strategic approach to job creation and economic development -- one that protects livability, while creating growth and opportunities in the areas that need it most.
4. **Better City Services...** John Tecklenburg has a plan to improve city services with accountability and technology, not taxes. And it all starts with a performance audit of city government procedures and spending.
5. **Stronger Neighborhoods...** Charleston is a city of neighborhoods. And it's time for us to start making sure that each and every one of those neighborhoods gets the respect and attention it deserves.
