The Qur'an's own Al-Imr'an 3:55
declares Jesus Death and Resurrection by stating:

*"When ALLAH said: 'O Jesus! I will
mutawaffiika you (Arabic meaning - cause
you to die) and raise you to myself."*

Therefore, in view of His sacred promise made by the Creator of the Universe, it is FACT that the Qur'an does contain this emphatic declaration shouted by ALLAH Himself that the Qur'an's own Jesus did die and was miraculously raised by ALLAH from death. But tragically it is also well known that America's close friends, the Saudi Wahhabis, constantly put enormous pressure on all Islam to propagandize and brainwash all Muslims to 100% believe that the Qur'an's own Jesus did not die and was not raised from death by ALLAH, by Wahhabis suppressing what ALLAH states in 3:55 and distorting one verse only appearing to teach that Jesus was not killed.

So it has become an obvious FACT that U.S. President Obama has a moral, ethical and Political obligation to the entire world to inform the world that ISIS terrorists are being attracted, infused and emboldened by this contagious Saudi Wahhabi LIE that the Qur'an's Own Risen Jesus is no longer dwelling among us.

Thus it is an absolute FACT that the U.S. must employ every potential means to urge all governments and international organizations to DEMAND that Saudi Wahhabis immediately stop their extensive coercion of all ISLAM to brainwash Muslims that the Qur'an's own mighty, risen, just Jesus is Not spiritually present today.
