Kay,

I am not a graphics artist, but I took a stab at it.

I put the file in L:\ClipArt_Pictures_JPEG folder in two sizes.

ElderCare-Trust-Fund-logo-Blue.png is over 27 inches square with most of it blank space.

ElderCare-Trust-Fund-logo-Blue-Trimmed.png is 11 x 8 ½ and doesn't include all the wasted space.

I have attached the trimmed one as well.

Let me know what you think.

Thank you,

-Kevin

Hi Kevin-

We need to change the color of this logo to "LA Dodger" blue. I do not have the program that will let me make the change. Do you have a program that will allow you to make the change? Thanks. Kay
