Subject: Heritage Invites List

Katherine,

The designer is still making edits we have requested to the electronic invite, which I hope to have tonight, latest Wednesday morning.

Below is an initial list of existing industries we would like to invite. It does not include new prospects, which will be ID'd over the next week or so based on project timelines. This list is based on top industries by employees, recent announcements and expansions. We will be inviting some high-level, some corporate executive level and some plant level people within these companies, and are still working to identify the right names and contact information. Additionally, we will also include names for the following companies, per SCPRT: FujiFilm, Piggly Wiggly, Mungo, Haile Gold Mine, Spinxs and Sonoco Recycling.
