Katherine,

This might be an event the Governor would be able to attend, appears that there will be quite a crowd. The work they speak of is finally getting passage of one cent tax bill that Tom Young authored and we were able to get Anderson County included over the objection of Kevin Bryant.

If there is interest you can let me know, and I can get the contact information to you from Anderson Dist.5

This is the day after you come back, want me to tell him you will be on vacation, or is this the one you will see tomorrow? K

Senator O'Dell,

Thank you again for all of your hard work during the legislative session. If possible, we would love to have you and some other members of the delegation in attendance at our annual Districtwide Celebration on Thursday, August 14th.

The kickoff will begin at 9:00 at NewSpring Church, and we would like to recognize and present you with a token of our appreciation. If you would like, you are also free to address everyone in attendance, which should be around 1,800 teachers and staff members.

If I can ever be any assistance to you or your office, just let me know, and I will be sure to send out another reminder regarding this event to both you and your office when the event draws near.

Thanks,
Kyle
