After the San Bernardino massacre of December 2, 2015 it became known that the two muslim terrorists had traveled to, and were radicalized in Saudi Arabia. And the terrorists had been communicating with their friends and other terrorists on the internet about their plans. Yet they were not on the FBI or NSA watch lists, or on any of our other security agencies.!!! This is shameful and pathetic. Two days later it became known that two years ago the "White House" had issued a directive to the State Department and FBI to take it easy with the background checks of the Muslims travelling to US. Interestingly, nobody denied this news item, and two days later FBI staff heading the San Bernardino case commented that "it would not have made any difference in this case"!!!

That's when Donald Trump famously said " I, Donald J. Trump, is calling for a complete shutdown of Muslims entering the United States, until our country's representatives can figure out what the hell is going on." I have searched and found the link to Trump's speech. Please view it closely as he also discloses some very interesting polling results of Muslims here in the US that our news media never reported.

The last part of Trump's sentence "until our country's representatives can figure out what the hell is going on." was not repeated by our deceitful news media. The pompous TV anchors, Scott Pelley of CBS and David Muir of ABC only baritone the first part of Trump's sentence, as if they were blind stricken and could not see or hear the second part. Hilary immediately attacked Trump for what he had said. That was expected. Yet it was not expected that our rash and thoughtless Speaker Paul Ryan also foolishly attacked Trump, as if he had only listened to unprofessional TV news casters. Meanwhile, Trump's poll numbers went up higher - people had heard all of what Trump had said, and they agreed with him - so do I.

Our Speaker apparently finds it easier to overlook the fact that the big problem here was that our president had illegally issued a directive to our security agencies that resulted in allowing hundreds of muslim terrorists enter our country. Ryan did not have the nerve to rebuke Obama for his illegal act in this fiasco - so he turns and barks at Trump, the front runner of our political party. How thoughtless is this? Ryan has been in this job for only a couple of months. Yet this seems to be the way he operates. We all should call our Representatives to fire him. Please forward this email to all of your friends and representatives and urge them to fire him before he destroys our Grand Old Party. Thanks.
