Subject: SCSEP

Anne,

Would like to discuss with Tony plans for SCSEP 2015. Specifically, has he decided what to do about the competitive bid process....

- Are we going to select a sub-grantee
- Do we have to go through state procurement (Tony was under the opinion we do not)?

If it is decided we are going through state procurement, I would like to start that process this month. Thank you for your assistance in this matter.
