Subject: FY 2014 POTENTIAL REDUCTIONS.xlsx

Attached is a listing of our reductions to achieve \$30M in savings from the amount requested in our FY 2014 budget submission. Tony also wanted me to point out the department is contemplating changing our payment methodology to the MCOs from paying for services at the beginning of the month of service to paying on the first of the following month. This would mirror our payment methodology for other services and would result in a one-time savings of \$32M. This has not been discussed with the MCOs yet. Should you have any questions, please let me know.
