Katherine,

I can stay with the what I have charged the past few years.

A shoot fee of 150.00 per hour for an estimated 2.5 hours(5:15 to 8:45)....375.00

Plus, 2 hours of editing final image prep at 75.00 each.....150.00

So a total for me would be 525.00 plus sales tax.

Add an additional photographer at 100.00 per hour estimated 2 hours.....200.00

Editing and image prep at 1.5 hour.....112.50

Estimated total for additional photographer is 312.50 plus tax.

So estimated combined total for both would be **\$832.50**

Thanks for considering us for this.

I will call you later on to talk further.

Thanks again,

Sam

Yes. I would love to shoot it. I will send you a quote later today or 1st thing in the AM.

Thanks,

Sam
