Subject: How Private Water Operators Are Serving Your Community

[View in Browser](#)

Truth from the Tap is a campaign launched by the National Association of Water Companies. It provides decision-makers, the public and the media with accurate information about how private water companies successfully partner with communities to ensure the delivery of safe and reliable drinking water. There are many benefits to working with private water professionals, including access to expertise and technology, reliable investment in infrastructure, and an exemplary record of compliance with the Safe Drinking Water Act.

Sign up today to receive emails from Truth from the Tap and stay informed about how communities benefit from partnering with private water professionals, including:

- o Details of private water companies' stellar compliance record with the Safe Drinking Water Act
- o How private water companies offer expertise and investment to help communities address their water infrastructure challenges
- o Expanded access to financial resources for investment in operations and infrastructure
