Subject: H. 3548 ~ Website email from Marilyn Hartley

---

Lt. Governor Bryant, To my government representatives: The dismemberment of unborn baby parts is such a gruesome, brutal, and inhuman act, how could any "law" allow it?! To do it, and for monetary gain, is something the evil spirits of Hell might promote. I urge you to do all you can to stop this procedure from being allowed in South Carolina or anywhere else. Stand with representative Lin Bennett to ban this procedure and vote to pass the South Carolina Unborn Child Protection from Dismemberment Abortion Act (H.3548). Thank you. Sincerely, Marilyn Hartley Aiken, SC Marilyn Hartley
