

Reduce downtime. Recover faster.

It's hard to predict the unpredictable. But Verizon Wireless Business Continuity Solutions are here to help keep your business running when disaster strikes.

Stay up and running.

Help ensure minimal downtime and rapid recovery with an automatic (failover) backup connection to keep critical, revenue-generating tasks operational.

Protect your customer experience.

Avoid interruptions in connectivity to maintain customer service level commitments.

The Verizon difference.

When your landline network goes down, you want the seamless connectivity provided by America's largest and most reliable 4G LTE network, a 700 Mhz spectrum for better in-building penetration and the increased 4G LTE bandwidth of Verizon XLTE in cities nationwide.
