Costas,

The other site has 22 veterans served. The VAMC is not planning to add any new clients due to funding uncertainty.

Thanks.

Costas,

Sorry for the delay in responding. Charleston is actually down to 15. They have not received any new veterans. We are trying to get numbers from our other site. I do not believe they have received any new veterans.

I will update you as soon as I receive the numbers.

Thanks.

Tony

We had received assurances that you would be receiving additional referrals. Have you received additional referrals since our last VDHCBS call? What are the current numbers?

Costas,

Have you heard anything further from Dan or the Veterans Administration about the future of VDHCBS? I know Dan says they are moving forward, but we don't see that at the local level.

Thanks for your support and assistance with this.
