Did you get a chance to speak with them over the phone? If not, do you want to speak with them about this then, or are there any particular changes you would like for me to request?

I don't see anything in it that's a problem. Not a huge fan of it though. Doesn't flow very well, and the voiceover of the National Press Club intro wouldn't be my choice.

If something needs to be changed, please advise as soon as possible.

Thanks you!

Paul
