Subject: Kevin L. Bryant, Lieutenant Governor of South Carolina

Lt. Governor Bryant:

Thank you for your dedication and service to our country, and for the job you do on a daily basis. Recently my wife of 34 years walked out and left (and divorced) me. I have had some issues trying to adjust to life since that time. My daughter suggested I try to find some type of hobby or activity to take my mind off things. My health is not good, and my finances are worse, so I have tried to find something to do in the home, that isn't expensive.

I've heard that there are quite a few people collecting Autographed business cards, and I thought I would give it a try. Do you mind sending me an Autographed card of yours? I would greatly appreciate it. My daughter gave me a Binder to keep these in, and I told her that Congress would be my natural first step, due to my love of History and Government. One day when I pass away, I can pass these along to my Grandson.

Thank you for listening to my request.....
