---

Sharon,

I am out of the office this week but will give you some information next week.

Thanks for your interest in our programs.

Tony

Hi Tony,

At our December meeting, we talked a little about learning how our AAA's were doing in relation to the required performance measurements for the Lieutenant Governor's Office on Aging. Since I'm new to the committee, I would like to get a better understanding on how Region 10 is doing in this regard. I believe you mentioned you could send us a report for our area. Please let me know if that is possible. If this is available on your website, please let me know the headings to look under.

Thanks so much. Take Care.

Sharon Morris
