RECOMMENDATIONS

Highways and Public Transportation Commission  
Meeting of July 21, 1988

\*\*\*

CONSULTANT - PRELIMINARY ENGINEERING SERVICES  
RICHLAND COUNTY

Pursuant to the Commission's previous action of November 19, 1987 authorizing the Department to seek Consultant Engineering Services for the design of two railroad structures to be located on Trenholm Road Extension and O'Neil Court Extension, the Department has entered into an agreement with Ralph Whitehead and Associates in the amount of \$198,210.00 to provide such services.

These projects will be financed by Federal Aid Urban System (MG) funds.

\*\*\*

Recommendations - 07/21/88

I-85 Relocation - Supplemental Agreement #4 - Spartanburg County

The Commission is hereby requested to allow the Department to enter into Supplemental Agreement #4 with the Consulting Engineering firm of Florence and Hutcheson, Inc. for additional work required for the above described project.

The additional work will be for extending the project limits so plan preparation for revisions to the S. C. Route 129 and Road S-57 interchanges with existing Interstate Route 85 can be accomplished. This work is necessary since the six laning of the new interstate will require the replacement of the bridges at these locations. In addition, the supplemental agreement will provide for reworking the previously completed four lane signing and paving plans throughout the limits of the project.

The supplemental agreement is for an estimated additional \$746,464. It is estimated that the Department will require \$28,536 to supervise the supplemental agreement.

\*\*\*

Recommendations - 07/21/88

JAMES ISLAND EXPRESSWAY FILES 10.158A.3, .4, & .5

SUPPLEMENTAL AGREEMENT FOR CONSTRUCTION MANAGEMENT

At the present time, the Department does not have sufficient staff in the Charleston District to provide construction management services on the James Island Expressway project in Charleston County. It is recommended that the Department enter into a supplemental agreement with the design consultant on this project to provide these services. Negotiations with the consultant are now underway due to the time constraints on mobilizing inspection personnel. The cost for these services is estimated not to exceed \$6,000,000. These funds will be provided as part of the construction contract under the Federal Discretionary Bridge Replacement program.

\*\*\*

Recommendations - 07/21/88

AGREEMENT WITH NORTH CAROLINA DEPARTMENT OF TRANSPORTATION  
TO PROVIDE IMPROVEMENTS ALONG I-77 IN YORK COUNTY

The Department requests Commission approval to enter into an agreement with North Carolina Department of Transportation to provide engineering services for the design and construction of certain improvements on I-77 from the N. C. State Line to S. C. Exit 74 at Carowinds.

This project is approximately 3/4 mile long and will provide for the extension of N. C. Department's Project 8.1670102. The scope of work will provide for designing and construction two additional lanes (one in each direction) along I-77 from the N.C. State Line to S. C. Exit 74 at Carowinds.

Funding for this project will be Interstate 4-R and is anticipated to cost approximately \$1,000,000.

\*\*\*

Recommendations - 07/21/88

AGREEMENT WITH STEVENS AND WILKINSON, INC

The Department requests Commission approval to enter into an agreement with Stevens and Wilkinson, Inc. for additional design services for new weight in motion scales in Greenville County.

This agreement will cover additional professional services related to the final design of the project.

The agreement is anticipated to cost \$115,000 which will be funded by Federal Aid Interstate 4R funds.

\*\*\*

Recommendations - 07/21/88

Agreement with Geological Survey,  
United States Department of the Interior

The Department has entered into an agreement with the Geological Survey, United States Department of the Interior to provide engineering services for a bathometric survey of Forest Lake in connection with the Southeastern Beltway Project in Richland County.

It is hereby requested the Department's previous action be approved and that \$3500.00 of "IR" Funds be authorized for this survey.

\*\*\*

Recommendations - 07/21/88

AGREEMENT FOR CONSULTANT SERVICES

The Department requests Commission approval to advertise for and select a consulting and engineering firm for the purpose of entering into an agreement to provide engineering services for upgrading I-385. The proposed project would encompass approximately 30 miles of I-385 from I-26 in Laurens County to near U. S. Route 276 (Exit No. 30) in Greenville County.

The scope of work will involve preliminary engineering and the development of final right of way and construction plans.

Funding for this project will be Interstate 4-R.

\*\*\*

Recommendation 7/21/88

Agreement With The Urban Mass Transportation Administration

The Department has filed application(s) with the Urban Mass Transportation Administration (UMTA) to receive and administer the Fiscal Year 1988 UMTA apportionments which are available to South Carolina for assisting public transportation systems. During the State's Fiscal Year 1988-89, the Department anticipates receiving UMTA's Notification of Grant Approval for the Federal Funds and the accompanying Grant Agreements of UMTA.

It is requested that the Commission authorize the Department to enter into written agreement(s) with UMTA to carryout the Department's statewide public transportation responsibility, in accordance with the requirements established under the Section 8, Section 16(b)(2), Section 18 and Rural Transit Assistance Programs of the Urban Mass Transportation Act of 1964, as amended.

ALLOCATIONS - 1988-89 BUDGET CORRECTIONS

In preparation for operating budget adjustments, requests from two organizations were inadvertently left out of the final budget presented to the Commission in June and one salary from the Public Transportation Division - Planning section was left out when salary adjustments were calculated as the position had been on maternity leave and no salary was included with salary data supplied by the State Human Resource Mgmt Division.

It is therefore recommended that the Commission approve the allocation of \$22,483 from the 1988-89 Budgetary Reserve appropriation to the following accounts:

\*\*\*

TRANSFER OF FUNDS - 1988-89 BUDGET

In June, the Commission approved the operating budget for Engineering Administration in the amount of \$9,997,806 including Equipment Purchases of \$2,410,139. Included in Equipment Purchases is an item for update of the Computer Aided Design and Drafting (CADD) System in the amount of \$1,500,000.

The Engineering Division has found that it is necessary to provide an administrative staff to carry out training, installation and maintenance for the new system.

It is therefore recommended that the Commission authorize the transfer of funds from Engineering Administration-Equipment Purchases to an account under indirect construction for CADD Management in the amount of \$256,950, broken-down below, leaving \$1,243,050 for purchases of additional CADD equipment.

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

On September 20, 1984, an agreement was entered into between the Department and the Real Property Management Section of General Services, Budget and Control Board, for the Real Property Management Section to offer for sale the parcels acquired for the Gantt Freeway and Downtown Loop projects, which are now abandoned.

The Real Property Management Section was contacted by the City of Greenville in regard to Tracts 1415, 1416 and 1417, which the City wanted to purchase for the appraised value. Therefore, based on a review and determination by the Budget and Control Board a quitclaim deed was executed on May 26, 1988, conveying this property to City of Greenville for consideration of \$2,500.00.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

During the acquisition of right of way for construction of improvements to U.S. Route 17, under File 10.524, in Charleston County, the Department acquired Tract 55 from Rebecca S. Cooper by deed dated September 16, 1964.

At the request of an adjoining owner an investigation was made and it was determined that the remaining portion of this tract was no longer needed and could be declared surplus. Therefore, a quitclaim deed conveying approximately 975 square feet of land to Grimball and Lybrand Partnership was executed on July 5, 1988, for consideration of \$375.00.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.
