Debbie Vaughn

Lt. Governor, Bryant, please allow me a minute to share a concern. I am the secretary of Second Baptist Church in Belton, SC. We received a certified letter today from the SC Dept. of Labor, Licensing and Regulation stating that we had not paid a \$35.00 fee for our elevator inspection last September and we had to cease using the elevator now. We have never failed to pay any of our bills to them or anyone. Obviously, our invoice was lost in the mail. I called to complain and asked why they didn't send us a reminder instead of waiting six months to let us know. We have to have our elevator at the church so that seniors can get to the upstairs classes. Thank you for hearing my complaint. This should not happen to honest people who pay their bills. Debbie Vaughn, Church Secretary
