

Dear Nikki Haley

My name is Nilarice, and I am in third grade in I'm in Chester Park Colt. We have been learning about the three branches of government. My favorite branch is the judicial branch. I learned that judges are appointed not voted in, and they are the ones who interpret our laws. I do have a few questions about your job. Is your job hard or is it very easy. How is your life is being a governor. And what do in your branch. And how is it to work with our President.

Sincerely, Nila Rice
