South Carolina State Parks

at 19:44:36 on 3/11/2021 UTC

March is Prescribed Fire Awareness Month in SC! Back in January, we announced controlled burns planned for 10 South Carolina State Parks this winter and spring. We're making great progress thanks to our partners at The South Carolina Forestry Commission and The Nature Conservancy South Carolina.

Regularly performing controlled burns reduces hazardous forest fuels that cause wildfires and improves habitat conditions for wildlife and recreation. Follow SC Forestry Commission to learn more about #SCRxFireAwarenessMonth
