**Subject:** Re: SKIP HOAGLAND FINALLY GETS HIS COMEUPPACE - Nickey Maxey and Paula Bethea now connected and both need to be deposed with Bill miles . Again forensic audits will end it all

I need anyone who considers these emails spam or unwanted ,and wants to be removed , please respond back as we will also submit those as evidence to the judge.

Again facts not attacks, lawsuits , audits and transparency is the only sane way forward . We are dealing with a very angry, vindictive, disgruntled man, who's only interest now is inflicting damage on me and my legal cases pending. All a result for no longer being paid by me to represent my interest. This has become a severe sickness of sabotage of this mans own facts and discoveries I hired him for . I am not trained to understand what triggers the human mind to do this. Again all this insanity has been caused because Bill miles and the Hilton Head Chamber refuses to be transparent and open the books and local /state public officials will not act, nor force this. No one on this email can deny that.

Now one final question ,why would none of you including all the lawyers join local Chambers , CVBs and non profits across this state and demand access to their financials under the SC non profit corporation act, and end this once and for all. Do you all really believe that prison will not be the result for someone once this happens ? 400k salaries, 1.7 m homes , 500k mountain home, trips to China , attempted 340k apps , 4 m welcome centers and a long list of abuse , misuse , misappropriation of public monies.. ""Follow the Money"" that's it !

What does it tell you when a man like me offers 1m to the City of Hhi and Charleston as a donation and apology, if they conduct a full investigative audit and no wrong doing is discovered. My bet is safe as never in the history of the USA, has a forencic audit been done on a Chamber , CVB DMO where wrongdoing was not discovered.

What's sickening is now the SC crooks with a deranged thinking man, wants to attempt to Demean me, to try and escape and camo their crimes. This will backfire as it always does and jut makes my cases stronger. I have never committed a crime or be found guilty of a crime in my life. I have had a flawless business career for 45 yrs. At 69 and fully retired, the only thing serious to me is my health and staying alive for a while to enjoy the fruits of my labor.

Happy Holidays and wishing all of us a prosperous non corrupt New Year. Be assured this will intensify in 2017.

Jonathan as the Florida lawyer representing me on our injunction against John Buchanan, please add this to our stack of over 100 emails for the Judge. He needs to be restrained from not just attacking me, but the constant barrage to others email accounts and phones daily. The tabloid attacking emails by this disgruntled past contractor has caused many to block him from there accounts and phones.

Barrett please add Nickey maxey to our deposition list, as you can now see in this email string ,Maxey admits he is tied to Paula Bethea and Bill miles of the chamber. I have the entire file on him now. Also all info on Paula bethea , and again once a Forensic audit is done on Bill miles , I predict prison. The accountants Ray deal , Ray warco , and audit firm JW hunt have many things to answer to. As does Paula Bethea, David tigges and few others on this past and present appointed executive buddy board, not the general board who have no clue what's going on , they just accepted Bills invite trying to help their companies, tricked and not knowing all the corruption and theft of public monies involved. Google the following "John Buchanan journalist" to see what we are dealing with his Nazi conspiracy theory on George bush and his pattern of last 15 yrs attacking others and his arrest of cyber aggravated stalking in 2004. Same he is doing now and will be charged with in Florida next week. He is a self admitted left wing radical democrat who voted for Hilary Clinton. This should fully explain this man.

Palm beach CVB case and audit resulted in prison sentence for 10yrs for controler for 1.6 m the hired CVB audit missed and independent audit of the audit caught.

Thanks, sorry for all this, but defending this will be necessary until hopefully a restraining order will be put in place and no more emails from this man or me will continue.

All our lawsuits will move forward and will be won or lost based on sc laws and what's right, and like our Sc foia victory in the lower court, decided by proper legal decisions by smart honest judges.

We have a lot of swamps to drain in SC.
