Hi Elisabeth

I am always happy to chat with you!

I wanted to share we do not provide any information about businesses listed other than the name on the CWRC website. And, we do not give any info to anyone on businesses listed on the site. We provide the business contact information to your state via the StateAdmin page. And - we email businesses with Chris's contact info to opt out should they not want to listed. Soon we will be providing businesses that sign up the state business POC your team gave to Chris at the Portland meeting in the email they receive once approved. We are not aware of any issues with businesses being listed in any state. And, we see much benefit for job seekers to know what businesses would recognize their credential.

I am not sure where we would have other 'champions' listed with contact info on the site that would be businesses that you are concerned about being inundated with emails. So, forgive me if I have missed something.

Hope this info is helpful.

Regards,

Debra

Debra,

When we lit up the counties, we included that information on your website, as required. My only concern is that a lot of our "champions" are business folks and I don't want them to get inundated with emails, especially since we didn't tell them that their information would be "out there". Can we discuss when you get a chance?

I'd like for us also to schedule a time to discuss the onboarding of 2<sup>nd</sup> round applicants and the look back for counting certificates as well as the updating of county goals.

Have a great weekend and I hope to talk to you soon.

EK

Subject: Point of contact for businesses

Hi Team SC!

I hope this note finds everyone well.

We had a very good meeting in Oregon and discussed some next steps that Elisabeth and James will share with you.

We also shared during this meeting, that ACT is making a few updates to the website based on feedback from the Charleston meeting. One of those updates is adding functionality so that as businesses sign up we can include in the email message to them the *Point of Contact* in your state for businesses should they have additional questions or would like more information on your state initiative. So, it would be helpful if could send us the following information at your earliest opportunity:

Name, title, agency of POC for SC business supporting

POC Email address

POC Phone number

We will be back in touch to let you know when this functionality is live. And, of course, please let us know if you have any questions.

Regards, Debra
