Subject: VDEC and FDR training for South Carolina

Linda,
On May 20, 2004 Phleisha Lewis from my office contacted Shelly Jackson
concerning VDEC and FDR training conducted by AAMVA. We were told at that
time that AAMVA would be able to conduct this training on site in South
Carolina with the only cost being the travel and related expenses associated
with the AAMVA trainers. The training must be completed before September in
order to only be charged the cost of travel. At that time, we asked for the
training to be conducted in August 2004. Ms. Jackson then told us that the
trainers would not be available in August due to upcoming conferences, but
she would try to schedule training for us in September at the cost of travel
only.

Phleisha Lewis called Ms. Jackson at the beginning of July and asked about
the status of the training for September. Ms. Jackson said that there were
no more dates available and that we would be charged full price for the
training at this point.

I would like to ask for any assistance you may be able to give us in
obtaining this training at the cost of travel only. If we cannot have both
classes, we would prefer to at least have the FDR training.

Thank you for any help you may be able to give us in this matter.
