Subject: Final One SC Talking Points

Attachments: Final One SC Talking Points (3).docx

---

Rebecca,

For today's press conference, attached are talking points on where to call for help removing debris, how to donate, and the One SC Fund. Marcia drafted the basics and Halti, Beth and I have tweaked to add additional information.

The points are a bit lengthy, so at the bottom are the key numbers to call.

Also, Marcia and I worked through the EMD website and revamped that page. She is getting the revised volunteer/donation page put up now. One SC Fund will be the first group listed.

The EMD call center will be up at noon. The staffers have the information to direct persons to places accepting goods and to encourage monetary donations to One SC Fund.

CCF is on notice that the Governor may message about this today at 1 in case they receive an influx of calls.

Last, we worked with Marcia and have a plan in place to field calls to this office regarding donations, whether through IQ, legislators, etc. Beth and Katie are handling it from our end and will coordinate with Administration.

Marcia will get there around 11 in case you need her. Please let us know if I can provide further info.
