Katherine & Haley:

I concur with Rep. Erickson's request. The manner in which the Ports Authority's property is developed will dominate the future ambience and quality of life in historic Port Royal. We are at a very important juncture.

Thank you

Chip Campsen, President

Please see the below request and the attached letter.

Anyway the Governor can allow tThe a Town of Port Royal to be involved in the sale of the property, perhaps integrating them into the Department of Administration's planning & possible implementation of the auction / bidding / sales process, would be helpful to them, appreciated greatly and strengthen the state's ability to reap the highest return on investment.

Thank you,
Shannon

Subject: Letter to Governor Haley

At the end of September, Mayor Murray sent the attached letter to Governor Haley. Unfortunately, shortly thereafter the state was inundated with rain and the subsequent major flooding. As we near the end the due diligence period for the current group, the Town would like to be in position to at least discuss the possibility of playing a larger role in the fate of the port property.

If you can, please reach out to Governor Haley and ask if she has had an opportunity to review the Town's letter to her. Any effort would be greatly appreciated.

Thanks,

Van Willis, Town Manager
