Are you available about 6:30PM to go over questions and new updates?  
Once the talking points, press info, and other updates inserted please email me and Nicole the updated schedule.  
Nicole and I will be inserting into the Governor's calendar tonight.  
Thanks, KV

I think this is all of the updates I have at this time. I'm going to work on some of the bios that we're missing and hopefully get these filled in tomorrow.

KV – I started to do page breaks on day 1 but am not sure how you want to do them. I'll let you insert the rest so you have them the way you want them!

Thanks yall!
