Tony...

Glad the information was helpful and I look forward to providing any additional help. This initiative has renewed a passion within me for the very issues being advance by you, your office and the Lt. Governor. Attached you will find an invoice for services rendered for the report. Thanks for the opportunity to serve.

Allen,

We took your report and used it as a foundation. The Lt. Governor wants to write an introduction. At this point, your portion of the project is complete. They are grateful to you for keeping everyone on track during the sessions. The Lt. Governor was pleased with the format you used and found your report very helpful.

Thanks for your support. I will most likely be in touch for additional help as our role in SC evolves and grows.

Again, thanks.

Tony

Tony...

I have not heard anything regarding the project for the Lieutenant Governor. Any update that you can share.
