Not bad - we bit the bullet and got into a 15-year last year - I'll get to go straight from mortgage payments to the kids' college tuition payments.

This can probably keep for another week, so why don't we touch base after you get back? Do you mind sharing your cell number, though? If they move the timeline up on me, I might need to reach out briefly next week, if that's OK.

Have a good trip - thanks again.

Hi Christian. Good to hear from you again. Unfortunately, I am leaving town tomorrow, July 20 to go to Maine for a week. I will be back on July 28. Hope to enjoy some cool weather and eat a lot of lobster. If it is urgent, I could talk to you today or call you from my cell once we reach Maine. I have to go down town this afternoon to sign some papers for a refinancing (got a great rate at 3.6% for 30 yrs and no closing costs). We are leaving early Friday morning. I imagine you guys are up to your eyeballs in veto work right now. Glad to see you are back on board. Keep up the great work.

General Finan,

I hope you've been well. There's a board position I was hoping to discuss with you in the near future. Is there a time in the next day or two when we could talk? Thanks.
