

**scstateparks** Beaver at the Beach!? We guess everyone deserves a vacation! 🐾 This beaver was spotted at Huntington Beach State Park by @scdnr staff Kaley Nevin. Ranger Mike from Huntington Beach State Park said spotting a beaver in the ocean is very uncommon, but due to the many predators (like alligators) in the freshwater, the beaver was likely there to bathe in peace. If you're in need of some good R&R, spending a day on the beach at Huntington Beach State Park is the perfect place... but don't just take our word for it. 🐾 ☺️ #SCStateParks #DiscoverSC #FindYourPark #BeaverSpotting #Beaver #WildlifeMoments #SouthCarolinaStateParks #HuntingtonBeachStatePark #HuntingtonBeach at 14:07:09 on 4/29/2021 UTC
